Interoceanic Corporation Announces the Purchase of Sunniland's fertilizer assets.

White Plains, NY, July 22, 2024 -- Interoceanic Corporation ("IOC") announced today that its affiliate company has acquired all of the fertilizer assets of Sunniland in Longwood, FL.

"Our goal is to continue to bring our family values and our supply chain efficiencies to the professional and consumer fertilizer industry. Choosing the Sunniland location in Longwood, FL as another strategic manufacturing location was the next big step to strengthening our geographical footprint. Quickly following on our acquisition of Bonus Crop Fertilizer of Greenville, TX, this allows us to further increase our service capabilities to both our consumer retail partners and professional lawn care and golf customers," said Elio Mazzella, President of IOC. Elio went on to say, "Our entrepreneurial spirit propels the scope of our capabilities. Our continual efforts to grow, have resulted in success for both the IOC family and our valued customer and supplier partners."

About Interoceanic Corporation Founded in 1983 and based in Westchester County, NY, IOC is rooted in industry traditions, and grounded in excellent service. In 2016, through an affiliate, IOC added production of Ammonium Sulfate, Ammonium Thio-Sulfate, Ammonium Poly Phosphate and Sulfuric Acid in Pasadena, TX. In 2022 an affiliate purchased Spring Valley USA and in June 2024 it acquired Bonus Crop Fertilizer. The IOC family of companies now includes **PCI Nitrogen**, **Chimico Rail Logistics**, **Chimico Logistics, Rapid Plant Nutrients, Spring Valley USA, EM² Enterprises and Bonus Crop Fertilizer.**
